After-hours call Brian Whitley, 509-422-3120 (message system after hours)  
[Will off-load from their trucks or other trucks. Can off-load gasoline or diesel.]

## RESOURCE MANAGEMENT

1. Trained responders to the awareness level. Some responders maybe trained to operations level.
2. Containment supplies such as absorbent pads/materials, booming materials. An Oil Spill Response Trailer is located at FD #15, and each fire district has absorbent pads/materials.
3. US DOT Emergency Response Guidebook

In addition to the above mentioned requirements, coordination with State Ecology Spill unit is necessary.

### LOCAL AFTER HOURS CALL OUT PROCEDURES FOR HEAVY EQUIPMENT

Resources such as dump trucks, graders and barricades can be obtained from local public works/street departments. The following are the after hour contact procedures for those departments.

#### Okanogan County Public Works

Contact Okanogan County Sheriff's Dispatch (24-hr) – 9-1-1 or 509-422-7232. They will contact the area maintenance personnel.

#### For Colville Confederated Tribes Recourses – (Call in this order.)

1. Colville Tribe Dispatch – 1-800-551-5800; 509-634-2472 or 2482
2. Yancy Epperson, TOSHA Supervisor, 509-634-2014; cell 509-322-7485
3. Chris McCuen, Commander EM/Fire Rescue – 509-634-2446; cell 509-322-7859 & 509-631-4138

**In the event that Public Works/Street Department personnel are called to assist in a hazardous materials incident they should be considered Skilled Support Personnel and fall under 29 CFR 1910.120(q)(4), which states:**

“Skilled support personnel - Personnel, not necessarily an employer's own employees, who are skilled in the operation of certain equipment, such as mechanized earth moving or digging equipment or crane and hoisting equipment, and who are needed temporarily to perform immediate emergency support work that cannot reasonably be performed in a timely fashion by an employer's own employees, and who will be or may be exposed to the hazards at an emergency response scene, are not required to meet the training required in this paragraph for the employer's regular employees. However, these personnel shall be given an initial briefing at the site prior to their participation in any emergency response. The initial briefing shall include instruction in the wearing of appropriate personal protective equipment, what chemical hazards are involved, and what duties are to be performed. All other appropriate safety and health precautions provided to the employer's own employees shall be used to assure the safety and health of these personnel.”
