

PREVENTION TIPS:

Listed below are a few tips to help prevent wildfire damage around your home:

1. Brush, grass and small fires don't have to be disasters.

2. Help prevent Wildfires

- REMOVE anything under decks, porches, gutters
- CUT down dry brush around your home
- CLEAR area within 30 feet of your home
- REMOVE debris from on top of or over your roof

3. A green lawn can help prevent wildfire from reaching your home. If it's brown, cut it down.
